SUMMARY

Frontend Developer Lead with 4+ years building high-performance web apps using modern frameworks, progressing from Junior Developer to Team Lead. A fast learner with a strong drive to pick up new tools and technologies, comfortable navigating unfamiliar stacks and turning that curiosity into practical solutions. Experienced mentor, coding instructor, and public speaker passionate about scalable frontend architecture.

WORK EXPERIENCE

Frontend Developer Lead | PT Timedoor Indonesia

2025 – Present

- Lead a team of 10 frontend developers building client-facing web applications across React.js, Vue.js, WordPress, and Shopify.
- Set technical standards, conduct code reviews, and provide technical guidance to ensure high-quality, scalable code.
- Collaborate with project managers and clients to gather requirements and translate business needs into technical solutions.

Senior Frontend Developer | PT Timedoor Indonesia

2024 – 2025

- Developed and maintained complex UI components using React.js and Vue.js.
- Played a key role in the architectural design of new web applications, focusing on performance, reusability, and user experience.
- Mentored junior developers, helping them grow their skills and contribute effectively to projects.

Coding Teacher | Timedoor Academy

Jan 2023 – Sep 2023

- Conducted engaging online and offline bootcamp sessions and regular programming classes.
- Reviewed and graded assignments, providing constructive feedback to participants.
- Tracked student progress and motivation to maintain a supportive learning environment.

Junior Frontend Developer | PT Timedoor Indonesia

2021 – 2023

- Contributed to web application features using a frontend framework alongside HTML, CSS, and JavaScript under senior developer supervision.
- Built foundational experience with Git version control and Agile team collaboration.
- Assisted with bug fixes and website maintenance, ensuring optimal cross-browser performance.

PROFESSIONAL ACTIVITIES & RECOGNITION

Tech Seminar Speaker | GETEKSI Vol. 3 – ITB STIKOM Bali

Jun 2026

- Presented “How AI Accelerates Regional Digital Solutions” to 70+ attendees at this national seminar.
- Facilitated an interactive Q&A session on applying AI to solve regional digital transformation challenges.

Workshop Facilitator | Google Build with AI

Apr 2026

- Facilitated a hands-on workshop, “Let Google Antigravity Build Your Site,” for 30 participants, guiding them through AI-assisted website development.

Tech Seminar Speaker | Google I/O Extended Bali

Aug 2025

- Presented “From Monolith to Modular: Securing Micro Frontends with Firebase Authentication” to 100+ attendees.

- Facilitated an interactive Q&A session, demonstrating strong technical expertise and public speaking skills.

Tech Seminar Speaker | Google Developer Student Clubs Bali Collabs

Jan 2024

- Presented "Introduction to Web Components with Vue.js" to 50+ attendees.
- Facilitated an interactive Q&A session on best practices and case studies.

Web Design Competition Judge | INVENTION Udayana

2023 & 2024

- Evaluated 50+ web design projects each year based on UX/UI, functionality, code quality, and innovation.
- Provided constructive feedback and recommendations to finalists.
